Subject: Site summaries for AAW Montana trip by Noon today

Jackie – Sen. Daines has asked for the EPA background docs and talking points for AAW for his trip out to MT. The attached documents are the latest version but they are considered deliberative and non-public so we can't send those out. We have been asked by the AO if we can come up with version that are based on publicly available information (from website etc.) that parallels as much as possible the attached. Not everything will be able to be covered. They need these by Noon today.
